**GEORGE J. MEYERS, TOWN SUPERVISOR**

---

## **PRESS RELEASE**

In light of recent developments with the coronavirus pandemic and the public health emergency in New York State, Supervisor George Meyers is taking the following actions to limit exposure to town employees and the public. These protective measures are being taken to assure the operation of local government in the safest manner possible for the public and our employees during this public health crisis.

All Planning Board and Zoning Board of Appeals meetings, public hearings and workshops are canceled until further notice.

Justice Court appearances and hearings before Justice Meyers (Tuesdays) and Justice Calderin (Thursdays) are canceled until further notice. The Court will notify you of a new appearance date once the coronavirus pandemic passes.

All Recreation programs and activities are canceled until further notice, including the town's annual Easter Egg hunt.

Supervisor Meyers is requesting anyone having business with the Town of New Windsor use the telephone, email, online services, or US Mail to conduct business and avoid coming into Town Hall or the Recreation Offices. New Windsor offers online utility bill payments, court fines and fees payments, online FOIL requests, online mapping, and more on our website at [newwindsor-ny.gov](http://newwindsor-ny.gov).

New Windsor Police and New Windsor Ambulance have instituted health safety protocols to protect their members and provide uninterrupted service to our residents and the general public.

Please check the Town website, Facebook page, and register for text notifications on our website at [newwindsor-ny.gov](http://newwindsor-ny.gov) for updated information.
